

DEPARTMENT OF SAMHITA & SIDDHANTA

Ayurveda is considered as fifth Veda . which is based on strong demands of ancient texts.

Precise understanding of classical texts of Ayurveda is a challenging task and requires knowledge of Sanskrit.

Department of Moulika siddhanta acts as the basic department imparting the knowledge and understanding of texts on Ayurveda . It deals with Sanskrit , the fundamental principles of Ayurveda , history of Ayurveda , interprets philosophical aspects (Padartha vijnana) and Samhitas like Charaka Samhita , sushruta Samhita and astanga hridaya. Samhita is the nodal point for the Astangas of Ayurveda The Department deals with in depth study of Samhitas .

Sanskrit language helps the students to understand the original Ayurvedic concepts. Accurate knowledge of samhitas helps in enhancing clinical skills there by enabling to be better physicians .

ACADEMIC ACTIVITIES :

The department deals with the following subjects:

I Professional BAMS

• Sanskrit

- Padartha Vijnana evam Ayurveda Itihasa
- Moulika Siddhanta evam Ashtanga Hrudaya ,

II Professional BAMS

• Charaka samhita purvardha

III Professional BAMS

• Charaka samhita uttarardha

FACILITIES :

- Sanskrit workshop – Training students with the basics of Sanskrit for the better understanding of Sanskrit language .
- shloka parayana – Daily in the morning hour
- well equipped library and charts for reference and studies.

Department conducts monthly class test, internal and practical examination to Students to inculcate confidence to face the university examinations. They are also encouraged to participate in various competitions like essay writing, debate, shloka recitation,.

FACULTY

Dr.Sumangala H M
Prof./HOD

She is having 13 Years of teaching experience in the subjects of Padartha Vijnana and Samhitas. Emphasize on developing the analytical skills of the students which helps them in conducting research in the field of Ayurveda. Students are encouraged to read and understand the proper meaning of Shlokas and interpret so that all the concepts told in classical literature is applied practically which will enhance their clinical skills as well.
